Sports Uniform Policy - Senior School

All Senior School students at Ivanhoe Girls’ are required to participate in PE and sporting activities as part of the curriculum from Years 7 to 11. Most girls at all year levels also regularly participate in additional sporting activities associated with House and inter-school competitions.

This Policy reflects the importance the School places on students’ comfort and well-being and is intended to support and encourage participation in sport and other physically active learning by minimising the inconvenience of repeatedly changing into and out of normal academic School uniform where a student has multiple sporting commitments in any one day.

For the purposes of the Policy, the school day is comprised of three major time blocks as follows:

1. From the beginning of the day including Lessons 1 and 2 and also any pre-school training session, until recess time.
2. From recess until the end of the lunchtime session, including Lessons 3 and 4.
3. (With a lunchtime overlap) from the beginning of lunchtime until the end of the school day including Lessons 5 and 6 and also any after-school training session or match.

- Where a student is required to wear her sport uniform for any part of Time Block 1, she may choose to wear this uniform to travel to school but must then change into correct academic uniform during recess time for the remainder of the day.
- Where a student is required to wear her sport uniform only during Time Block 2, even if this involves more than one individual session, she must travel to and from school in correct academic uniform and change in and out of sport uniform between recess and the end of lunchtime.
- Where a student is required to wear her sport uniform for any part of Time Block 3, she may choose to wear this uniform to travel from school to home, but must arrive at school in correct academic uniform and not change into sport uniform until during lunchtime.
Where a student is required to wear her sport uniform for one or more sessions during any two different time blocks she may choose to wear this uniform to travel to and from school and wear it throughout the school day without needing to change into academic uniform.

* One lunchtime session requiring sport uniform cannot be counted in both Blocks 2 and 3.

Only the correct approved School sport uniform items may be worn for the specified sessions.

Activities which are considered to require sport uniform are:

- A PE or sport lesson (not including a swimming class)
- A drama class (but not Film Club or Lights, Camera, Action)
- A lunchtime sport practice (House or School)
- A before school or after school sport practice or game
- A rehearsal session for a designated School drama production (including AIM)

NB. To be eligible, a session must be an official supervised session for which an attendance record is kept, not just an informal session which an individual elects to do, like a personal fitness routine such as a lunchtime jog.

Students may still be required to wear normal full academic School uniform, regardless of their sporting commitments, on those days when there is a special assembly or other formal occasion. Students will be given advance notice by the Head of Senior School in prior Assemblies and/or in The Newsletter of specific events to which this applies.
